

GovLink May 12, 2022 Release Notes

Permission Description Update

The descriptions for eSign and File to Court permissions have been updated to add the sentence, "This permission is generally reserved for Attorneys."

USER PERMISSIONS:

- Delete Filings:** Allows this user to delete filings created by other users that are in the status of Unfiled or Rejected.
- eSign:** Allows this user to upload a signature for electronic signing of documents thru GovLink. This permission is generally reserved for Attorneys.
- File to Court:** Allows this user to consent and file documents with their Court thru GovLink. This permission is generally reserved for Attorneys.
- Add Users:** Allows this user to create new user accounts.
- Edit Users:** Allows this user to edit existing user accounts.

Delegated Permissions Notification

A new notification email has been added. When a Delegated permission is added or removed, this notification email will be sent to both the Delegator and the Delegate. Users should log into their GovLink account and check their profile to verify the accuracy of the permissions modifications.
