1.3 Submitting a Surprise Billing Application

Once a user has created an account and logged into that account, the option to “Start a New Application” will be available in the center of the home page.

The screenshot shows the official site for filing Surprise Billing claims in the State of Georgia. It features a header with a green shield containing a white cross and a map of Georgia with the state flag. The main text reads: "The official site for filing Surprise Billing claims in the State of Georgia. If you provided out-of-network medical care for a patient which led to surprise billing, you can apply for arbitration here." Below this, there is a section titled "What is surprise billing?" and another titled "Getting Started" which includes a button labeled "Start a New Application" circled in red.

1. The user will then need to complete the applicant and Payor information on Step 1. Users must also choose whether this application should be filed under the Federal No Surprises Act or GA Surprise Billing.
2. Once all required information is entered, the user will click “Next” to move to step 2.

The screenshot shows the "Surprise Billing Application" form, Step 1: Parties. The form is divided into two main sections: "Applicant" and "Payor". The "Applicant" section includes fields for "PROVIDER'S OR FACILITY'S NAME *", "STREET ADDRESS *", "CITY *", "STATE *", "ZIP CODE *", "PHONE NUMBER", and "EMAIL". The "Payor" section includes a dropdown menu for "Alliant Health Plans, Inc.". At the bottom, there is a question: "Are you submitting this application under the federal No Surprises Act or GA Surprise Billing? *" with radio buttons for "Federal No Surprises Act" and "GA Surprise Billing". A "Next" button is circled in red at the bottom right.

3. The user will then need to download the OCI Surprise Billing Application .pdf and complete the required information. Once completed, the user should save the

completed form and upload it using the “Select File” Option beside “GA Arbitration Application.”

- Users can also upload any associated documentation such as Explanation of Payment/Benefits and anything else that may be beneficial to the case using the “Select File” option beside Explanation of Payment and/or Optional Files.
